

## HAY TO QUIT, SAY FRIENDS

Of President Roosevelt of  
Secretary of State.

## NEWBERRY FOR THE NAVY

Health Demands Retirement of Secretary Hay, but His Son-in-Law Denies the Report That He Is to Retire.

New York, March 24.—The report was current among Republicans here yesterday that Truman H. Newberry of Detroit, had been informed of the intention of the President to appoint him secretary of the navy soon.

It was declared that the president had actually received the resignation of John Hay as secretary of state, his health making it necessary that he withdraw from public life.

Judge Taft, Secretary of War, it was asserted, would succeed to the portfolio of state and Paul Morton, secretary of the navy, was slated to succeed Judge Taft as secretary of war.

A private letter written by Secretary Hay to a friend in Chicago says: "I need a long rest and I must have it, even at the cost of my ambitions for the work I have under way. The springs of youth are not what they were; some one else must go on with what has been started during my time here."

Mr. Newberry is one of the richest young men in Michigan, and a great admirer of Roosevelt. His wife is a noted hostess in Detroit.

### Denied by Son-in-Law.

Albany, N. Y., March 24.—That Secretary of State John Hay has planned to resign his portfolio and retire to private life, immediately upon his return from Europe, was emphatically denied by his son-in-law, Assemblyman J. W. Wadsworth, Jr., yesterday.

"Secretary Hay made arrangements for the trip abroad several months ago, because he saw that he would have no better opportunity for a few weeks' recreation and rest, than at this time," said Mr. Wadsworth. "He is not suffering from any disease, is physically well, except that he is tired out, and I am sure he has no intention of retiring from the cabinet for some time at least."

### EXTRA SESSION?

Secretary Shaw Says One Will Be Called in October.

New York, March 24.—Leslie M. Shaw, secretary of the treasury, who is in the city, announces that the president has determined to call an extra session of Congress some time in October, or early in November, to consider a readjustment of tariff schedules. The secretary opposes revision.

It became known that Senator Allison, ranking member of the Senate finance committee in the absence of the chairman, Senator Aldrich, who is abroad, had been in the city since Monday conferring with representatives of various trades as to possible reductions in schedules affecting their products. This fact makes it probable that within a short time the fight in the Republican party between the revisionists and the "stand-patters" on the tariff question will be on in earnest.

Senator Allison left town yesterday, but he will return from time to time during the next two months to meet other members of his committee and of the House committee on ways and means.

### A MAN WITHOUT A COUNTRY.

Dismissed Midshipman Forfeits His Citizenship.

Washington, March 24.—President Roosevelt has approved the sentence of the court martial inflicted upon Midshipman Milton W. Arrowood of North Carolina, recently tried for desertion from the navy. The sentence carries with it dismissal from the navy, and the law bearing upon the case provides that a man so dismissed shall not hereafter be eligible to any of the rights of citizenship.

Titus, formerly in command of one of the central inspection districts, yesterday was fined thirty days' pay by Police Commissioner McAdoo, having been found guilty of failing to close disorderly houses in the district. Captain Robert A. Tighe and Captain John W. Connor, who were found guilty on the same charge, also were fined, Tighe thirty days' pay and Connor fifteen days'.

## BEST SPRING MEDICINE.

Our Leading Druggists, Rickert & Wells, Out of Their Vast Stock and Extensive Knowledge of Medicines Recommend Vinol as the Best.

"At this season of the year," said Mr. Wells of Rickert & Wells, the other evening, "there isn't a man, woman or child in Barre who does not need a medicine to purify and enrich the blood, to induce an appetite, to promote digestion and create strength, and we are safe in saying we have never sold anything in our store equal to Vinol for this purpose."

This new way of administering the vital principles of cod liver oil has wrought a wonderful change in the field of medicine. There is no need to take greasy oil, emulsions or poisonous drugs to purify and enrich the blood and create health and strength, for we guarantee that pure, simple and delicious preparation, Vinol, will do it, or your money will be returned.

Mrs. Rose Lavoigne of Burlington, Vt., writes: "Vinol is the best spring medicine I have ever used; it creates an appetite, purifies the blood and takes away all feeling of lassitude. My work, which seemed a burden before taking Vinol, is now a pleasure."

Mr. W. J. Stewart of Chelsea, Mass., writes: "I was all run down and in a devitalized condition; Vinol quickly built me up and brought back health and strength."

Mr. J. B. Keener, Augusta, Ga., writes: "When one gets all run down, loses appetite, feels listless, worn out and nervous, I have found nothing so good as Vinol to restore strength and health."

Said Mr. Wells: "I could go on quoting from hundreds of such letters, and I wish I could persuade every person in Barre to try Vinol this spring on our guarantee to return money if they are not benefited." Rickert & Wells, Druggists.

## OIL KING ANGERED MAY REVOKE GIFT

Rockefeller to Revoke Gift of \$100,000 — Incensed at Criticism of Offerings for Foreign Missions.

Boston, March 24.—Before the American Board of Foreign Missions, which meets in this city on next Tuesday, has had an opportunity to pass upon the acceptance or rejection of the \$100,000 gift of John D. Rockefeller, the Oil King, it is probable, according to the statement of a personal friend, that the contribution will be revoked.

Mr. Rockefeller is indignant, according to the same authority, at the action of the Congressional committee who have entered a protest against the acceptance of the gift. It is said that the millionaire feels the rebuke very keenly and that he looks upon the action of the Boston clergymen as an exhibition of gross ingratitude.

Mr. Rockefeller, it is declared, only agreed to make the contribution after he had been solicited twice by representatives of the Mission Board.

The matter has been widely discussed by clergymen throughout the country, and different views are held regarding it. Some of the clergymen agree with the Boston ministers and others criticize them.

A crowd of peasants from Benigno proceeded to Lamenta to induce the farm laborers to strike and rioting occurred. The chief of police, with a company of soldiers, went to the scene, and the troops fired two volleys at the peasants, killing two on the spot and wounding 50.

The latter were brought in carts to the hospital here, where seven men and one woman subsequently died. Eleven others are dying.

City Stops Business and Attends Public Funeral — Gov. Douglas and Mayor Keith in Attendance.

Brocton, Mass., March 24.—The city yesterday attended the public funeral services of more than two score persons who lost their lives on Monday in the explosion and fire in the Grover factory.

Sixty factories closed their doors. Business was suspended so far as possible. Street cars did not run during the funeral services, and traffic on the streets was almost entirely stopped. Everywhere flags were at half-mast and buildings were draped with long black streamers.

During the forenoon the bodies of the fifty-five victims recovered from the factory ruins were placed in caskets. Three public funeral services were arranged for the afternoon, one at the City Theatre, another at the Port Congregational church, the third at St. Paul's Episcopal church.

While final preparation for the public funeral services were under way, Mayor Edward H. Keith announced that the relief fund for the fire sufferers had reached \$13,898, a contribution of \$2,360 having been received from the employees of the G. E. Keith company shoe plant.

At the private service in St. Patrick's church the altar was draped in black and an empty coffin, the only visible evidence of the loss sustained by the four families who occupied the nearby pews. Those for whom the mass was sung were Nellie Leary, May Leonard, Timothy Desmond, and Thomas Sangley.

The public service at the city theatre was attended by Gov. W. L. Douglas and Mayor Edward H. Keith.

## NEW ISSUE IN CHICAGO

Contest Centers on Municipal Ownership.

## ONE CANDIDATE FAVORS IT

Democrat Says Franchise Should Not Be Renewed — Friends Believe Dunne Will Have 50,000 Majority.

Washington, March 24.—"In the municipal campaign, which is shaking Chicago, a new issue for the Democratic party in the next national campaign will be born," is the prediction of a prominent politician of that city, who is now in Washington.

"The contest between Judge Edward F. Dunne and John Maynard Harlan is centering on whether or not the people desire municipal ownership of the city railways. The Democratic nominee has come out for absolute ownership now, declaring that the franchises which have just expired should not be continued, and that the others should be condemned, and the company paid their appraised worth. Reports have been received from 150 European cities showing the successful operation of street railways under public ownership. The Inter-Ocean and the Journal have joined the Dunne ranks, and there is a general drift away from Mr. Harlan. The majority of 100,000 for President Roosevelt is likely to turn to a majority for Dunne of 50,000."

"Speculation upon the effect of such an outcome has already begun. If the people of Chicago reverse party majorities of these proportions in favor of the municipal ownership, many of us believe that the Democratic party will make government ownership a feature of its next national platform."

### RESPONDENT ON STAND.

G. Viscome Charged With Murder in Franklin County Court.

St. Albans, March 24.—When the noon recess was taken in Franklin county court yesterday, the cross-examination of the respondent in the case of State vs. Giovanni Viscome, charged with the murder of Francesco Philippi at Swanton Junction, October 10, 1904, had been in progress something about an hour and a half. It was resumed at 2 o'clock. The trend of the cross-examination is to show that respondent was not really in fear at the time of the shooting, and that he had an opportunity to escape; the friendly relations of the two men were dwelt upon; also Philippi's condition as to intoxication, etc.

The session opened with Deputy Sheriff J. B. Alfred on the stand. He was asked what had been the character and conduct of the respondent since he had been in jail. To this the attorney general objected, but the court admitted the testimony, and the witness said, "Very good."

He is the driver of a tea wagon, and called at the Collins' house last Monday to solicit orders. He found Miss Collins alone, and in the course of the conversation she spoke of the recent newspaper story about a woman leaving her husband because of too many kisses. Miss Collins told him the court said three a day was enough. Thereupon the defendant took one himself, and remarked as he left the house: "You owe me two more."

### "Now I Lay Me" Again.

"The controversy that has needlessly arisen, or the controversy which will be waged to no purpose, over the familiar prayer of childhood and certain proposed modifications of it and substitutes for it has been supplemented by a debate over the correctness of the text," said a citizen who isn't much given to the discussion of subjects of this kind.

"When I saw the verse I learned almost as soon as I learned anything it at first blush, I couldn't detect anything wrong with it. It was reprinted from the Savannah News and it read:

Now I lay me down to sleep,

I pray Thee, Lord, my soul to keep.

"I finally discovered that it was the pronoun 'Thee' that was troubling me. Since that time a number of my acquaintances have been similarly disturbed, and there's an argument on the carpet over that 'Thee.' I was taught to repeat the article or demonstrative adjective 'the,' but others contended it should be 'Thee,' as it appeared in the paper mentioned. I've been back to the New England Primer for my authority, and that's 300 years back. The 'Primer' uses the article 'the,' but it contains this variation:

Now I lay me down to take my sleep,

I pray the Lord my soul to keep.

"The 'take my' was new to me," Providence Journal.
